

BAHAMAS IN A DAY

Travel Advisor Partner Program

A same-day seaplane experience— sell it, earn on it, and experience it yourself

The Itinerary

Arrive 30 minutes before departure and fly 25 minutes to Bimini. Spend the day exploring. Be back in Florida by dinner. That's it. 8 full hours in The Bahamas. Same-day return.

DEPART FORT LAUDERDALE

8:30 AM

Skip the airport chaos. Check in at our private lobby just 30 minutes before departure — no terminals, no lines, no stress.

TOUCH DOWN IN BIMINI

9:00 AM

25 minutes later, you're on the water in The Bahamas. Clear customs, jump in a golf cart, and the island is yours.

LIVE IT UP IN THE BAHAMAS

9:00 AM – 5:00 PM

Eight hours of Bimini — beach club, snorkeling, fresh conch salad, island cruising, cold drinks. Your pace, your day.

BACK IN FLORIDA BY SUNSET

5:30 PM

Back in Florida for dinner. No overnights — just a full Bahamian day your clients will be talking about all year long.

Why It Sells

It's a value-add travel advisors can offer as a great surprise — an upgrade with no added stress.

DOESN'T DISRUPT THE ITINERARY

Guests keep their hotel, their dinner reservations, their spa day — this is a morning-out, sunset-back add-on that slots into a day they're already spending on-property, not a competing trip that eats into it.

AN EASY YES ON A SLOW DAY

It fills the one open day in a trip that otherwise has no plan — the day guests would've just sat at the pool — so it reads as bonus, not a decision that competes with anything else on the itinerary.
